Données à titre indicatif, sous réserve de modifications sans préavis du fabricant

STRUCTURE:

Tube intérieur: Caoutchouc synthétique, non-conducteur, noir.

Renfort: Textile synthétique fulleno.

Tube extérieur: Caoutchouc synthétique non-conducteur, noir, résistant à l'abrasion et aux agents atmosphériques.

APPLICATIONS:

Protection de câbles électriques pour l'industrielle et les chemins de fer.

TEMPERATURE D'EMPLOI:

de - 30° C à + 80° C

NORMES:

FS 304188 - EN ISO 11925-2 - ASTM C542 - ISO 1307

STRUCTURE:

Tube: Black, non-conductive synthetic rubber.

Reinforcement: synthetic fulleno.

Cover: Weather and abrasion resistant, black, non-conductive rubber.

APPLICATIONS:

Cable protection in industrial applications and railway.

TEMPERATURE:

de - 22° F à + 176° F

NORMS:

FS 304188 - EN ISO 11925-2 - ASTM C542 - ISO 1307
